Maanza A Leza : "Hands of God" in the Zambian Tonga
tribe language

Primary goal: help with the education of the children from
the Sichebeyan village of subsistent farmers in Zambia, Africa

How: by building classrooms and teacher houses, and
sponsoring junior high and high school education in the
neighboring towns for village children

We offer **free presentations** to large or small church groups
who are interested in this grass roots mission.

God has richly blessed this ministry. Our hope is that He can
use it to richly bless you. Thank you for your interest.
